## FOR IMMEDIATE RELEASE

### Sedgwick County to Open "Southeast Substation"

(Sedgwick County, Kansas) – On Monday, June 17, Sedgwick County will be opening the "Southeast Substation" in Derby. This "Substation" located at 206 N. Greenway in the Derby Towne Center will provide numerous services to citizens. Sedgwick County Commissioners will conduct a "ribbon cutting" at 10 a.m., along with other County Officials.

"We are creating yet another 'one-stop shopping' area for County services at this Substation. This will benefit all the residents of Derby, Mulvane, Haysville and southeast Sedgwick County," said Sedgwick County Chairman Ben Sciortino.

New services at the new "Southeast Substation" include:

- **Personal Property Issues** such as:
  - File personal property renditions
  - Handle delinquent personal property issues
  - Pay property taxes
- **File Tax Grievances and Tax Exemptions**

- more -

- **County Clerk Functions** such as:

- Hunting licenses

- Fishing licenses

- Boat licenses

- Park permits

- **Voter Registration**

- **Real Property Issues:**

- Hearings will be held at this location during specific times during the year by appointment.

- Citizens can come in and view property characteristics and values of properties in Sedgwick County

“I encouraged the Appraiser to look for ways to take the appraisal hearings into other areas of the County. Last year, we piloted a “remote hearing location” in Derby, and it was so successful, we are going to have Appraiser staff there full-time. I pledged to make the County more accessible and this is another step in fulfilling that promise,” said Sciortino. “This is another example of how we are working to make local government services more accessible to the public.”
